All Employers,
Employees and
Contractors Have
Obligations

Fire Safety & Emergency Response – Are you ALERT?

Do you and your staff have the skills and knowledge in basic fire safety and emergency response to ensure the safety of yourself and others?

Fire Safety is your Responsibility. As an employee or contractor you must recognise and accept your responsibility for ensuring your workplace is free from Fire Hazards and be fully conversant with all aspects of fire prevention, fire protection and Emergency Response procedures.

This information package has been developed by qualified and experienced professionals.

The interactive, logical and easy learning format will assist Business Operators and their staff to develop the skills and knowledge required

to ensure a safe workplace and to comply with their obligations under the relevant legislation.

Most sections include an interactive quiz. Upon completion of the program a training acknowledgement form and certificate can be printed and filed as part of your business records.
